## Research Week

This quarter's research week was very profitable. I was able to get done with all the work that has been assigned thus far.

There were three research papers which are due this week, and some memory work for Old Testament 3. The research paper for denominational doctrines was over those who believe that only one cup

may be used in the partaking of the Lord's Supper. In this, I covered their main beliefs, some splits within the belief system, their view of God, and some of the problems with their theology. The paper for Old Testament 3 was to either be a word study or a commentary on part of the material which we had covered in the class. I chose to do a commentary on Job 4-5. I broke the speech down into seven sections. The paper for the Restoration History class was to cover a ten year period within church history. We had to use any christian magazine or publication that was published for at least a ten year period, and give an overview of the issues that the church was facing at that time. I chose 1969-1979, using the Spiritual Sword as the publication. I was relieved when everything was done, as you may be able to imagine. This week we have our Old Testament 3 mid term test, which will cover the book of Job and the Psalms. We have already taken our Greek 3 mid term, which covered all of the lessons in our grammar book. Now we are translating the book of 1 John. Thank you all for your encouraging words and your prayers on my behalf. May God bless all of you.

## Psalm 27:4

*One thing I have asked from the Lord, that I shall seek:*

*That I may dwell in the house of the Lord all the days of my life*
